ABOUT US

Established in the year 2012 Nature Efficient Electronics Lanka Pvt Ltd is the most eminent company providing innovative LED lighting solutions in Sri Lanka. When it comes to LED Products and LED lighting technology, there is no better solution than “GREENEE”.

Designed by experts in the industry and rooted from reputed manufacturers across the globe, we cater to the Lighting requirements of a large number of clients.

With our vast knowledge and experience in the lighting industry, we strive to serve our customers with superior quality lighting solutions. Our commitment to serve customers with full satisfaction has always motivated us to render prompt and customized Residential, Commercial and Industrial Lighting solutions.

We offer a wide range of products including LED Pendant Lamps, Wall Lights, Table Lamps, Down Lights, Spot Lights, Track Lights, Panel Lights, Chandeliers, Flood Lights, Bollards, High Bay and many more.

OUR VISION

To be a leading innovator and provider of cutting-edge LED lighting solutions, transforming the way people experience and interact with lighting while promoting sustainability and energy efficiency.

OUR MISSION

Our mission is to revolutionize the lighting industry by designing and delivering high-quality LED lighting products that exceed customer expectations in terms of performance, aesthetics, and energy efficiency. We are committed to offering the best customer service experience, ensuring that our clients receive personalized attention, expert guidance, and prompt assistance at every stage of their lighting projects while reducing environmental impact.

GREENEE LIGHTING has been in the industry for more than 12 years growing from strength to strengths with innovative and sustainable lighting solutions. We at GREENEE LIGHTING are committed to give you an unforgettable Lighting experience in your space. We are a total Lighting Solution provider from Concept to Completion. Our solutions be it customized or otherwise cater to Architectural, Commercial, Industrial and Residential.

We continuously endure to offer latest solutions and most importantly energy friendly which assure you 90% saving on all our LED products. Our products are designed to suit the local conditions and sure to last long life as they are manufactured using high quality components and material.

To date we have completed many projects across Sri Lanka and overseas. Please visit us at our showroom or contact us as we will be delighted to share our expertise to create an unforgettable Lighting Experience in your Space....

WHY GREENEE ?

Environment friendly

LED lighting stands as an eco-friendly option, excelling in energy efficiency, extended lifespan, and absence of hazardous materials. Its minimal heat emission, directional lighting, and compatibility with smart controls further enhance its environmental benefits. By significantly reducing energy consumption and promoting smarter illumination, LEDs illuminate the path toward a greener future.
